

## Hotels in Paris

The following list of hotels is recommended, as the 5<sup>th</sup> and 6<sup>th</sup> arrondissements, in the Latin Quarter, are conveniently located to take the rapid train (RER) from either St Michel station or Luxembourg station to Cité universitaire, the conference venue. These hotels are also a short walking distance from where the doctoral seminar will take place: Maison Suger – 16, rue Suger (near place St Michel).

Additional possibilities can be found at <http://www.hotelaparis.com/>

As the tourist season begins in March, it will be advisable to book early, shortly after registration begins in mid-November, in order to be assured of a broad choice of hotels.

Please note that congress participants must make their own accommodation arrangements. The conference conveners decline all responsibility with regard to hotel reservations and related matters.
